

Register for Youth at the Top 2024!

The 10th edition of the international event Youth at the Top will take place on July 18th 2024 (and the night of July 18th to 19th). Registration is already open!

The common topic of this year's edition is **"Alpine Flowers and Pollinator Insects"**. Protected areas, organizations, youth associations, local professionals, and refuges from all over the Alps and the Carpathians: **you are all invited to take part in this international event and to plan an educational activity on the common theme.**

What is it?

Youth at the Top is an international event that aims to help young people (re)discover nature and connect to their mountain heritage. It is organized through local events that take place simultaneously in different countries across the Alps and Carpathians. It has a highly symbolic dimension as hundreds of young people go out and experience nature on a single date through an overnight stay in the mountains.

Each registered organization is invited to plan a hike, an overnight stay in the mountains, an activity on the common topic "Alpine Flowers and Pollinator Insects" and other educational activities to help the younger generation reconnect with the mountain environment. The project leaves a lot of leeway to the participating organizations to organize local events according to their goals and capabilities.

Who is the event for?

Youth at the Top is for all kinds of young people from 6 to 25 years old. Young people living in the Alpine and Carpathians valleys are highly encouraged to get involved.

Register your event online by April 30th 2024

To register for the 2024 edition, you are invited to briefly describe the activities you have planned to do over the two days on this [online form](#). Once registered, your event and the description given will be displaced on the event section of the Youth at the Top website.

Filling out this form does not commit you in any way; it simply shows your motivation to take part in the event. Participation is free of charge. ALPARC members can be awarded a grant for their event organization under certain conditions. Further information will be given once you've sent your form.
